

Keep Fit For Success In Life

You can take your boy and out of him make anything you like if you can get him under good self-discipline. All roads are open to the man who is strong and fit. Uncle Sam took "our bays" - those slabsided, stooped, hollow-chested youths-and made of them vigorous, well-developed, well set-up and courageous men. Take the right tray! Train yourself and your children to take proper exercise, drink plenty of water and keep the system clean. Your doctor will tell you that anything from a common cold or headache to the most serious illness may result from the absorption of poisons in the

The first principle is to keep the system clean. Occasionally see that the boy or girl, as well as yourself, has an internal bath. It may be with easter oil or a tiny pill of May-apple, aloin and jalap, which is sold by druggists as Dr. Pierce's Pleasant Pellets.

t If a cold starts with a cough and it persists, then some local treatment for this condition should be taken. A well-known alterative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs, without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter If Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspironal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried. All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspironal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel you; cold finding away like a dream within the "We require in return-farming and". The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this wellknown plan of making rough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's ample and cheap, but the way it takes hold of a cough will quickly earn it a perma-

nent place in your home.

Into a pot bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the poil. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, hever spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost. It is really wonderful how quickly this home made remedy conquers a cough—usually in 24 hours or less. It seems to peneirate through every air passage, loosens a dry, hourse or tight cough lifts the phlegm, heals the membranes, and gives almost immediate relief. FLU APPEARS IN MADISON COUNTY

PARIS, Jan. 21.—Elaborate plans for the resumption of commercial relations between the Russian people and alled nations have been worked out and it is expected the Bolsheviki will permit the free interchange of manufactured goods and raw materials.

It will be a comparatively simple matter to distribute goods among the Russian people under the agreement announced last Friday by the supreme council, it is said by Russians who assisted in the negotiations that preceded the announcement. Surplus stocks of wheat, flax and lumber await export from Russia, and all that is needed is ocean tonnage to carry these products to the markets of the world.

Details of the plan to be followed were given the Associated Press by Alexa. der M. Berkenheim and Constantin Krovopouskoff, respectively, president and member of the foreign board of the Russian Co-operative union, through which trade will be carried on. They conducted the negotiations with the supreme council which brought about the adoption of a policy reversing that followed by the allies during the last two years.

(Spl.)—Several cases of illness believed to be the first stages of influenza have developed in the city within the past day or so, but no cases diagnosed as influenza have been reported to Dr. W. G. Saunders, city health physician. Due to the fact that the cases under suspicion as influenza have not been long standing, it is not known whether an acute form of the malady will develop or not. The disease is raging in other sections of the country and local physicians are exercising every precaution to ward off another epidemic of the "flu." Three of the city liremen are confined to their beds with illness believed to be influenza.

"It must be understood the agreement has no political character whatso-ever." said M. Berkenheim. "It is merely an economic financial and humanitarian arrangement.
